

April 14, 2010

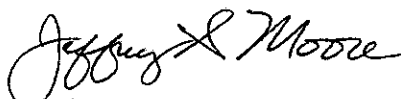

To: Future Clients of Ohio Employee Health Partnership

Since June 2000, Ohio Employee Health Partnership has been the Managed Care Organization for RMX Freight Systems, Inc. We have been extremely pleased with the quality of the service provided by Julie Perkins and her staff. They are an invaluable resource for us as we try to manage our Workers' Compensation program, providing insight into the process and honest appraisals of medical options.

We can offer the highest recommendation of Ohio Employee Health Partnership and would welcome any questions.

Sincerely,

  
Daniel L. Knox  
Vice President – Operations  
RMX Freight Systems, Inc.

  
Jeffrey S. Moore  
Controller  
RMX Freight Systems, Inc.
